THE PERFECT BRAND FOR THE FASHION FORWARD DEMOGRAPHIC.

Since our launch of the Bloom product line, our sales have exponentially increased. The eye catching colors in garden centers have not only proven to be popular but have also increased add on sales for all of our customers. Consumers are more likely to purchase coordinating products when there are matching colors to complete a set.

STATISTICS & DEMOGRAPHICS

In 2019, an estimated 83 million households (70 percent of all U.S. households) participated in one or more type of do-it-yourself indoor and outdoor lawn and garden activity.

The most popular do-it-yourself lawn and garden activities include lawn care, flower gardening, houseplants, landscaping, and vegetable gardening.

In 2019, Lawn and garden participation was highest among married households; people 45 years of age and older; college-educated households; households with annual incomes of $50,000 and over; two-person households; Midwestern households; and households with children at home.
